Special Totalisator Regulations

WIN AND PLACE

1. In these conditions unless the context otherwise requires "Dividend bearing places" means in respect of the place pool:

(a) First and second places where the number of starters is five, six or seven;

(b) First, second and third places where the number of starters is eight or more; and "Dividend bearing place" has a corresponding meaning.

"Starters" means starters to which separate numbers are allotted on the Totalisator, all starters comprised in any one Totalisator bracket being counted as one starter.

2. The win and place system shall operate only where there are five or more starters. In any race where there are less than five starters the Rules of Racing as to races in which a dividend is computable only in respect of first place shall be observed.

3. Investments shall be received separately for win and place respectively and dealt with as to both investments on the several starters and the total investments on the race as separate pools, which shall be closed simultaneously.

4. The whole amount of the win pool available for dividend computing purposes shall be divided among investors on the horse placed first. In the case of a dead heat for first place the pool shall be divided into as many equal parts as there are horses, whether bracketed or not, concerned in the dead heat and allotted accordingly, the amount to be divided among the investors on such bracketed horses being the sum of the several amounts so allotted to such horses.

5. The amount of the place pool available for dividend computing purposes shall be divided into as many equal parts as there are horses placed in the dividend bearing places and allotted accordingly, notwithstanding that by reason of any dead heat the number of such horses may exceed the number of such places. For the purposes of this condition bracketed horses in dividend bearing places shall be counted separately and the amount to be divided among investors on the bracketed horses shall be the sum of the several amounts so allotted to such horses.

6. In respect of the win pool, where no ticket is taken on the first horse, the next placed horse on which tickets have been taken being not farther back than third shall be deemed the first horse for dividend computing purposes. In computing dividends no account shall be taken of any horse dead heating on which no tickets have been taken.

7. In respect of the place pool no account shall be taken for dividend computing purposes of any horse in any dividend bearing place on which no tickets have been taken, and the pool shall be divided into as many equal parts as there are horses in such places on which tickets have been taken.

Provided that where the dividend bearing places are first and second only, and by reason of the operation of this condition there is left in those places not more than one horse in respect of which a dividend can be computed a horse or dead heating horses placed third shall be deemed to be in a dividend bearing place, save that nothing in this proviso shall operate to allot for division between such dead heating horses any greater share of the pool than the amount that would be allotted to one horse running third.

8. Where in respect of either the win pool or the place pool there remains no horse in respect of which a dividend can be computed, or if the race is declared void, the amount paid for each ticket shall be refunded, less the amount lawfully deductible from investments.

9. In respect of a division race on which the Totalisator is opened once only the following shall apply:

(a) The winner of, or the horses dead heating for first place in any division shall for the purposes of the win pool be deemed to have dead heated for first place with the winners of or the horses dead heating for first place in the other divisions;

(b) The amount of the place pool shall be divided into as many equal parts as there are horses placed in the first two places in the respective divisions and allotted accordingly.

If any ticket is purchased on a horse which does not weigh out for or which for any reason is withdrawn from the race before the Starter declares a start for that race the Stewards may order the amount paid on the purchase of the ticket to be refunded on production of the ticket provided that the provisions hereof shall not apply to any horse which forms part of a bracket with another horse or horses and which start.

THE TOTALISATOR

WIN POOL

Dividend paid on first horse only.

PLACE POOL

FOUR or less Totalisator numbers—One pool and one dividend.

FIVE, SIX or SEVEN numbers allotted on the Totalisator—Two dividends, each 50%.

EIGHT or more numbers allotted on the Totalisator—Three dividends, each of 33⅓%.

Patrons are requested to make their investments early to enable the programme to be run to time.

Investors are warned against destroying their Totalisator tickets until the end of the day.

The Balloon will be hoisted when the Totalisator is closed, and will be lowered when the race starts.

NOTICE TO INVESTORS

Investors must tender the Exact Amount of Investments at the Selling Windows. A special window is provided for supplying change.

Holders of winning tickets must present their tickets for payment of dividend immediately after each race.

Under no circumstances will claims for dividends on lost or destroyed totalisator tickets be entertained.

All investments registered on the Totalisator are in \$1 tickets. Dividends will be shown for \$1 tickets.

Investors are requested to refuse to purchase tickets for persons outside of the queues leading to the Totalisator windows.

NOTICES

No person, other than the starter and his approved assistant, or an assistant specially appointed by the Stewards, and the drivers in the race, shall be permitted to be at the start of any race, except with the special permission of the Stewards.

The Stewards reserve the right to postpone the times notified in this Race Card for closing the Totalisator, and starting the Race, if circumstances, in their opinion, warrant their doing so.

The attention of visitors is respectfully directed to the regulation that unauthorised persons will not, on any account, be allowed in the Weighing Room or Birdcage.

Owners, Trainers and Drivers may enter immediately before or directly after any race in which they have a horse engaged, and an official of the Club will request unauthorised persons to leave the enclosure.

STARTING TIMES

Starting Times mentioned in this Programme are merely approximate.

OFF-COURSE INVESTORS ARE WARNED

THAT T.A.B. HORSE CODE NUMBERS ARE
NOT NECESSARILY IDENTICAL WITH THE
TOTALISATOR NUMBERS APPEARING IN
THIS RACE BOOK.

TRUE DOUBLE

Patrons are requested to make themselves familiar with the Doubles Totalisator Regulations, which for their convenience are displayed on the Doubles Totalisator House.

TRUE DOUBLE (\$1)

A True Double is a pre-selection double and when buying a ticket you **MUST** nominate the horse you select to win each of the two doubles races. Doubles tickets will be sold only in denominations of \$1.

HOW TO BET ON TRUE DOUBLES:

- Select your combination(s) of a horse to win each leg of the double **BEFORE** approaching a selling window marked "Double."
- Always ask for your first leg selection, followed by your second leg selection as at the T.A.B.
- If you wish to back several different combinations you must purchase separate tickets for each different combination.

Today's On- and Off-Course Double will be on the **Hororata Trotting Cup** (referred to as the "First Leg" of the "On- and Off-Course" True Concession Double), and the **President's Challenge Stakes** (referred to as the "Second Leg" of the "On- and Off-Course" True Concession Double).

The Doubles Totalisator will close simultaneously with the Win and Place Totalisator operating on the First Leg of the Double.

The unit of investment will be \$1 and tickets of that value on both legs of the "On- and Off-Course" Double will be available only from the opening of the Totalisator for the sixth race.

Doubles tickets are sold from windows at the Totalisator House and dividends on the winning double will be paid at any pay-out window.

Investors shall select starters to win both legs of the Double.

If before the Doubles Totalisator closes a late scratching occurs in either leg of the Double, and the horse scratched is not bracketed with another horse which is a starter the bet is off and the investor may change his ticket or claim a refund. If, after the First Leg has been run, a late scratching occurs in the Second Leg of the Double and the horse scratched is not bracketed with another horse which is a starter the investment on the scratched horse shall be transferred to the On-Course favourite on the Doubles Totalisator.

In accordance with the Rules of the Totalisator Agency Board, **OFF-COURSE** investments will be transferred to the **OFF-COURSE** favourite.

The **ON-COURSE** favourite may be a different horse from the **OFF-COURSE** favourite.

In the event of a dead-heat for first place in the "First Leg", the pool will be divided into as many equal parts as there are horses dead-heating. Should two starters dead-heat for first place, the two pools will be known as "A Pool" for the lower numbered horse and "B Pool" for the higher numbered horse. Separate windows will be provided for "A Pool" and "B Pool" tickets.

Special information relating to the Double will be displayed on the notice board located on the Doubles Totalisator House. Similar information will be broadcast.

Patrons are especially warned against destroying their tickets on the Double until the dividend has been declared.

Doubles Dividends must be collected on the course.

SCRATCHING TIMES FOR ALL EVENTS

COURSE SAFETY NUMBERS

One mile and three furlongs	-	-	-	-	15
One mile and five furlongs	-	-	-	-	19
Two miles	-	-	-	-	14
Overall Safety Number	-	-	-	-	20

IMPORTANT NOTICE TO OWNERS AND TRAINERS

No Driver will be Weighed Out for a Race unless the amount of his Minimum Fee as for a Losing Drive has been previously paid.

UNRULY HORSES

If the letters U.R. appear in place of the Barrier Draw it means that, that particular horse has been declared unruly by the Stipendiary Stewards and such horse shall start from a second line on the extreme outside from behind and clear of the front line horses. If there are other horses on the second line the horse or horses so declared unruly shall start on the extreme outside of the second line and clear of the front and second line horses.

QUINELLA TOTALISATOR

In Quinella betting you select two horses to run first and second in either order in the same race.

In selecting your Quinella combination you must ask for the lowest number first, e.g. 2 & 5, 8 & 12.

The basic unit of investment is \$1 that is \$1 for a two horse combination bet.

Field tickets are available and cover all possible combinations for any one horse with all the others in the field. Ask for that horse and the field, e.g. 6 with the field. This costs \$1 less than the number of starters, e.g. with 10 starters a field ticket costs \$9.

To assist patrons a panel is inserted in the race book after each Quinella race and patrons are strongly advised to use the panel to record Quinella investments before approaching a Quinella window. This enables a faster service to be given.

Quinella windows are easily distinguishable and at some of them Win and Place Tickets will be available as well.

Quinella dividends will be paid at all \$2 and \$1 payout windows.

DIVIDENDS:

The amount available for dividend shall be distributed as follows:

- (a) Amongst the holders of tickets on the combination of horses placed first and second equally and if no ticket is held on this combination.
- (b) Amongst holders of tickets on the combination of horses placed first and third equally; and if no ticket is held on either of the preceding combinations.
- (c) Amongst the holders of tickets on the combinations of horses placed second and third equally.
- (d) In the event of bracketed horses filling any of the first three placings the lower placed horses of the bracket shall be superseded by the next following placed horse.

LATE SCRATCHING:

Should a late scratching occur after the Quinella Totalisator has opened and the horse scratched is not bracketed with another horse which is a starter the bet is off and the investor may change his ticket or claim a refund.

PUBLICATION OF REGULATIONS

Full regulations covering Quinella betting are displayed at the totalisator.
